ANOTHER WEEKEND ACTIVITY FOR 41 CLUB MEMBERS

We have another weekend activity to add to the Cruise, NSSW, Caravan Weekend and Classic Car Weekend. The Millennium Way team of 41 Club members are pleased to announce that they will be holding their first Walking Festival on Friday 7th September thru until Monday 10th September. With two walks each day, morning and afternoon, they will be covering Circular Walks in Worcestershire. Just a few miles off the M5. Working in conjunction with Worcester County Council to ensure the route are in tip top condition, each walk is between 3 and 8 miles long, thru lovely Worcestershire countryside. There are very few hills, mostly just gently undulating.

It would be great if some 41 Club members, who are keen ramblers, would come and join us. You can just do one walk or try all 8. We have walk guides to show the way. There is plenty of accommodation shown on the website near Worcester, Alcester and Evesham and we are within a few miles of the Cotswolds if you want more stunning scenery. We will nominate a pub for each evening to encourage fellowship. Family and Friends are more than welcome

All the details are shown on our website on www.millenniumway.org.uk Click on the Walking Festival icon on the home page and it's all explained. You can book in on-line and it is free to do so. If anyone has any questions about it please ring our Chairman Barry Durman on 07836 260825.

The walks are on our website and are as follows for those that want to see where they will be going:

- Friday morning Circular 39
- Friday afternoon Circular 9
- Saturday morning Circular 7
- Saturday afternoon Circular 8
- Sunday morning Circular 1
- Sunday afternoon Easy Access Circular
- Sunday afternoon Circular 20
- Monday morning Circular 16
- Monday afternoon Circular 41

First Time at The Lamb for Graham F Sloan

I knew this trip to London was coming up months ago and I usually accompany my wife, Jeannie. When there, I visit parks, libraries and sometime visit a pub owned by a bloke I met in Skiathos, however I had recently been on the 41 Club main web site and the calendar listed that there was a meeting at The Lamb on that day.

Whats that all about I thought?

So I contacted David Leon, who gave me an explanation, any one from Table, or 41 Club is welcome, including overseas visitors and as well as anyone from Circle or Tangent. They meet from 12.30 onwards in the bar below The Lamb in Leadenhall Market which is called Old Tom's (named after a duck that lived to 38 years old!). They meet the second Wednesday of each month and have been since 1986.

The meeting was very informal, very welcoming, snacks were available from the bar and a selection of cask and real ale (all served without a head!, I really don't get flat beer!).

Fellow Councillor Bernard Elwin joined us along with Pat Dewsnap, Stefan Layton, Ian Smith, Mike Roome, Martin White, Mike Turner and our host David Leon.

I have no idea what clubs were were represented, but a Vice Chairman from a London Table was with us for a short while and his insight to Tabling was enjoyed by all.

Then all too soon it was time to leave them drinking their flat beer, but just before I left David mentioned it would have been Vaughan Harris's 60th birthday so we had a whip round and collected £45 for Jill to go to RTCW.

A trip well worth the effort, great company and will be repeated!

Duchenne can affect any family...

I would like to thank everyone who has helped so far with my charity MDUK. The big break through is just around the corner. There are many ways you can help. One is by donating another is by supporting the charity in other ways. If you would like a person from the charity to speak at you club, cluster or event, please just ask and I will get someone there.

One Family's story:

Alfredo Ferrari was an Italian automotive engineer and the first son of automaker Enzo Ferrari. Alfredo was nicknamed Dino. He had Duchenne muscular dystrophy and died in 1956, at the age of 24. After his death the Ferrari 'Dino' was fitted with the engine that Alfredo was working on. Enzo Ferrari named the car in honour of his son.

Near the Italian town of Imola sits the F1 circuit 'Autodromo Internazionale Enzo e Dino Ferrari' named after father and son.

We'd love to hear from you!

So we at Muscular Dystrophy UK are excited to be working with 41 Club this year and raising money to find effective treatments for Duchenne muscular dystrophy. I'm supporting Phill with the charity partnership and I'd love to hear what activities you have planned in your local branches and see any photos of your amazing fundraising! Along with the rest of our friendly fundraising team I'm here to support you; so please get in touch if you'd like any branded fundraising materials such as banners, balloons or leaflets or if you would like to find out more about what we do!

We're keeping track of the partnership on Phill's Just Giving page and the easiest way to pay in your fundraising is online. If you have a cheque to hand over or would like our bank details please let me know.

Three easy ideas to support President Phill –

- Hold an auction of promises at your local club – what is a day's gardening or a delicious home-cooked meal worth for charity?*
- Take part in one of our many events – we have something for everyone. Take a look at our website for further inspiration <https://www.muscular dystrophyuk.org/get-involved/events/>. If you would like to find out more give me a shout.*
- Even if President Phill can't be there at the meeting, put a few pounds aside to contribute and let him know that you've "bought him a pint" and helped the fight against Duchenne.*

Looking forward to hearing all about your fundraising adventures. Please do get in touch: j.harvey@muscular dystrophyuk.org or 07525 593669

Thanks and good luck!

Julie

NATIONAL ASSOCIATION of 41 CLUBS

- Involvement with Blyth Tall Ship voyage around GB

We need your HELP

Blyth in Northumberland is one of the most depressed/deprived areas in the country with high unemployment. A number of years ago they acquired funding to purchase a 100-year-old Tall Ship, set up a boatyard to rebuild it, they employed unemployed local people and set up training and apprenticeships. This has been a great success the vessel is now sea worthy and ready to embark on two voyages as the 'William II'.

The first a Round Great Britain voyage starting on 15th March 2019 as a training and selection process for the second voyage to Antarctica starting later in 2019.

North East Sailing Team who have vast experience in recruiting young people to participate in Tall Ships Races were approached to help with Recruitment and the GB Logistics.

North East Sailing Team comprises of volunteers, we number 15

members of which 11 are members of Party Tyne 41 Club & Angels of the North Tangent Club.

This is a great opportunity for 41 Clubs, Tangent Clubs, Round Table & Ladies Circle to get involved across Great Britain.

The web-site for Blyth Tall Ship total venture can be viewed on :-

<https://www.blyhtallship.co.uk/about>

We are looking for Trainees and Applicants who are 18+ on the 15th March 2019.

Therefore any 41 Club/Tangent/Round Table/Ladies Circle Member together with their children or Grandchildren can apply.

We are also looking for Sponsorship of individuals - £750.00 for a leg on the Round GB Voyage and £2,750.00 for a leg to Antarctica.

We are hoping to attract some local people from the Blyth area who may need help with Funding/Sponsorship along with applicants from the rest of Great Britain.

Round GB Voyage

The eventual ports of call have not yet been finalised as we are still in discussions with various ports. However, it will not vary very much and the areas of ports will remain about right.

Below is the present dates and schedule:-

2019

15th March - Leave Blyth Northumberland for Hull

23rd March - in Hull

30th March - In Chatham, Medway
6th April - Weymouth
13th April - Milford Haven
20th April - Liverpool
27th April - Workington
4th May - Glasgow
11th May - Ullapool
18th May - Kirkwall
25th May - Back in Blyth Northumberland

We anticipate arriving in each port either on the Friday evening or early Saturday morning and then leaving on the Sunday morning, giving us all day Saturday in the Port.

We will have 12 trainees and 9 crew on board and will be changing at least 15 at each Port = Total in each port 36 persons.

We may also have a land crew following the vessel.

At each port of call, we would like to think that we could have organised a small welcoming function to allow both the arriving Crew and the incoming Crew the opportunity to show people around the vessel - William II - and for the Trainees Applicants & crew the opportunity to meet people to explain what/why they are participating in the venture and what they are expecting to achieve not only now but in their future lives.

We may also need some form of accommodation at those Ports which are a long distance from Blyth, Northumberland as we can't just drop off/ pick up Trainees/Crew after a long journey. (The Bus driver will also need his rest period). Possible Hostel of some sort or home hosting - local knowledge would be very helpful.

We are also hoping to get Yacht Clubs at the various Ports involved so that we might have a flotilla of boats to welcome them and accompany them on their departure. (Any contacts would be much appreciated).

I hope this will help you understand what we are hoping to achieve.

Regards

Eric Peacock
